1 ONE CALL DOES IT ALL

Our team of public adjusters are licensed, experienced, and determined to see that you are satisfied with the outcome of your claim. We are licensed and bonded public adjusters.

2 EXPERT DOCUMENTATION

Thorough documentation is key to proving a loss and is necessary to properly prove your claim. The team at YPA utilizes a variety of tools and techniques to prove losses depending on the need and type of loss.

3 NEGOTIATION

Communication and persistence are the catalyst that drive our public adjusters to make sure that your claim settles sooner rather than later. We base our negotiations on facts. We base our negotiations on facts. Previously settled claims also help as they are good reference points.

4 NAVIGATION

We will devise a plan that revolves around your timeline and needs, allowing you to focus on the bigger picture. Having an experienced representative on your side who can anticipate the next obstacle while navigating the claim.

5 YPA IS THE ANSWER

We are on standby ready to help. Whether you are looking to resolve a roof claim that you have been struggling with for months, or a fire claim that you want settled right away, we are the right company to have in your corner.

6 NAVIGATION

Having an experienced representative on your side who can anticipate the next obstacle while navigating the claim will help you make better decisions concerning how to keep your business operational during the claim process.

7 QUICK SETTLEMENT

Insurance companies are too quick to settle. Insurance companies lead you to believe that it is their job to determine what is owed on a claim when in reality, based on the language in your policy, it is your job to prove the loss.

8 YPA PUBLIC ADJUSTERS

Our unique perspective on handling claims can be credited to our team's combined background working for insurance companies and our vast experience handling some of the most complex losses in the industry.
